

530 Collins Street

Melbourne, VIC
Australia

Home to offices, lifestyle facilities, retail and dining, 530 Collins is situated in the heart of Melbourne's CBD corporate district. This thriving tower does not disappoint and offers exceptional service and amenities to all that frequent the building.

The team from JI Commercial used Mirotone's MIROTHANE PU 5578 Clear Natural Topcoat - to coat the wall panels in this premium building.

MIROTHANE PU 5578 is a low gloss, fast drying, mould resistant and non yellowing acrylic topcoat which exhibits outstanding durability, flexibility and colour stability.

The low gloss finish ensures fingerprints can be easily removed with only a clean rag and without leaving residual glossy spots.
